

Travel and Registration Award Application

The Association of Science Communicators is pleased to offer a limited number of travel and registration awards for the Science Talk '23 conference. Awards will be provided for those in the following categories:

- A. Members of marginalized groups and those personally impacted by COVID-19.
- B. Trainees (students/postdoctoral fellows)
- C. Science communication professionals experiencing professional hardship due to the pandemic.

Award applications are due by Feb 20th, 2023 to president@sciencecomm.org. Please submit the following information within a single-page document (.pdf).

1. Name, position, institution (or other affiliation), email address, phone number
2. Award category (A, B, or C)
3. Statement of your career goals and how participating in Science Talk '23 will help you achieve those goals (maximum 300 words).
4. Statement of need to justify the award request (maximum 200 words). For category A, please briefly explain how you fit the award criteria (marginalized groups or personal impact by COVID-19).
5. Budget (up to \$500). If you plan to attend the virtual conference, please only request funding for registration costs. If you plan to attend in-person you may include travel, hotel, and registration in your request. We recognize that \$500 often will not cover all costs associated with travel – we are balancing competing goals of supporting several individuals while also providing enough funding to those who need it. We appreciate your understanding.

Award recipients will be notified no later than March 1, 2023.

Awards are supported by generous donations from the Burroughs Wellcome Fund.
